Where are we now?

Overhaul of core curriculum with e-portfolio as a core component scheduled to be piloted in 2019.

Institutional/ team strengths:
- Diversity of disciplinary backgrounds, thoughts, & experiences
- Institutional knowledge
- Combination of academic and student affairs
- Genuine interest and commitment e-portfolio as a tool for learning

Project goals:
- Develop a timeline/plan for the implementation of e-portfolios?
- Develop strategies to engage stakeholders in the implementation of e-portfolios

Institutional/ team weaknesses:
- Level of understanding about what e-portfolios entail
- Pilot fatigue
- Resources-human capacity & time

Project obstacles:
- Resources-human capacity & time
- Fear of change
- Buy in
- Competing priorities
- Lack of understanding of the intricacies of e-portfolios

Questions for Reform:
What does an implementation plan for e-portfolios look like?
How do we integrate e-portfolios?
How do we gain support for e-portfolios as a value added?

Help needed:
Developing buy-in for e-portfolio implementation
Thinking creatively about resources

Where do we want to go?

A concrete plan to move towards a well-developed e-portfolio implementation plan.
