Promoting Educational Reform through Strategic Investments in Systemic Transformation (PERSIST)

WIDER PERSIST VISION (The “End State”)

The culture of teaching and learning at Boise State will be characterized by

- on-going exploration and adoption of evidence-based instructional practices.
- faculty engaged in continuous improvement of teaching and learning
- dialogue around teaching supported through a community of practice
- teaching evidenced and informed by meaningful assessment

The fulfillment of this vision will enhance our learning-centered culture and will result in increased student achievement of learning outcomes, retention, and degree attainment; especially among underrepresented populations.
