Institute Faculty

• Faculty includes 14 nationally recognized scholars and practitioners.

• Faculty roles:
  – share expertise in plenaries and concurrent workshops
  – serve as consultants for individual teams
  – facilitate discussions within and among teams

Faculty bios and areas of expertise are posted at:
https://www.aacu.org/hips/2019/faculty
Schedule at a Glance

The institute program will include

• Opening plenary and workshop
• Cluster meetings with faculty liaisons
• Concurrent workshops
• Team time
• Thursday Ted Talk
• Campus team presentations

The current schedule at a glance is available for viewing on the participant page: https://www.aacu.org/hips/2019/participant-information
Cluster Structure

Groups of four or five teams, led by a faculty liaison. Clusters will meet three times during the institute to report progress, identify obstacles, and share strategies.

1. Review team goals on first full day
2. Report progress, share ideas, and identify areas of continued work on day two
3. Present action plans and give peer feedback on the final afternoon of the Institute
Team Time and Faculty Consultations

Daily Team Time will allow you to connect with your team and work on your campus action plan.

Teams should also use this time to consult with the institute faculty.

Faculty consultations will be scheduled by teams at the beginning of each day.

Teams decide the extent to which they will incorporate faculty consultations into team time.
Institute Preparation
Reviewing the action plan template before you arrive at the institute will help you prepare your team to maximize the benefits of faculty consultations and sessions during the institute.

• Project description and goals
• Barriers to accomplishment and opportunities for support
• Team actions and timeline, both during and after the Institute
• How will you measure success?

[Action Plan Template](#) is available for download on the participant page
Campus Inventory

• Reflect on your campus learning environment, the composition of your community, student learning outcomes and achievement, equity, and the factors influencing the implementation and sustainability of high-impact practices;

• Inform your team’s work to develop a concrete action plan while at Villanova University; and

• Help Institute faculty understand the context, constraints, and options that shape your team’s work.

Campus Inventory will be posted on participant page by COB 5/10/2019
