DISCOVER
What is the real-world problem you wish to solve?
How do we know that it's a problem?
Why is it an important problem?

DESIGN
What could be done to solve the problem?
How did you examine possible solutions?
Why should your proposed solution be considered creative and reasonable?

DELIVER
What approach did you take to present the real-world problem and the solution to an audience?
How did you examine the effectiveness of the approach?
What response did you receive from the audience?

REFLECT
What new learning or insights did you gain during the real-world problem solving?
What would you do differently if you were to solve the same problem all over again?
How would you evaluate your overall problem-solving ability?
